25X1

1. In consultation with the new chairman of the IPC--Stan Moskowitz--I have begun planning a special two-day conference for IPC principals or their designated alternates to be held at [redacted] on 20-21 July 1989. This conference will be held in lieu of the Council's second quarter meeting. [redacted]

2. As you know, we have accomplished much during the past 18 months. However, the purpose of this conference is to examine the programs sponsored by the Council, consider the major issues facing the production community, and establish future goals and objectives that will further enhance our effectiveness in fulfilling the broad Community mandate of the IPC. [redacted]

3. Planning for an agenda is already under way, and, given the diversity of IPC-sponsored activities, we probably have more to discuss than time will allow. Still, we want to be sure that we are scheduling topics that you consider most relevant. For this reason, I would ask that you let me know by 9 June 1989 any ideas you would like to see on the agenda. By that same date, I also would like to know whether you or your alternate will be able to attend. [redacted]

4. Food and lodging will be provided [redacted] for all conference participants, and we will disseminate further details regarding security, administration, and transportation arrangements over the next few weeks. [redacted]

5. The Staff is excited about the possibility of having the Council meet together in an environment where we may discuss our issues of mutual concern at greater depth. If you have any questions concerning this conference, please give me a call. [redacted]
